

WHEN WILLIAM CAME

When William Came

by Saki (1870-1916)

We have had many novels about alternate histories, often of the 'What would have happened if Hitler had won the war' type, and this is another – except that this one is set in 1913 and the 'William' of the title is that old bogeyman 'Kaiser Bill'. For some reason, at the height of Britain's power, the fear of invasion was common at that time.

(See *The Riddle of the Sands*, *The Battle of Dorking*, *Spies of the Kaiser*, or even *The War of the Worlds*).
 WARNING:- Contains mild anti-semitism and jingoism typical of the period.

Saki

WHEN WILLIAM CAME

Total running time: 5:21:38

Read by Andy Minter
